Vision & Mission

VISION

The vision of the institute is to provide quality higher education opportunities to the students residing village areas, aspiring to develop a global perspective in Information Technology and Management Education.

MISSION

- To remain outstanding provider of high quality management and IT education to create proactive and excellent professionals.
- To impart quality education to students and mould them into responsible persons by raising their level of education and social status.
- To provide value based education and igniting young minds to bring out the best in them.
- To make the students competent in global scenario and become self-reliant.

About R. C. Patel Educational Trust

Since last 38 years R. C. Patel Educational Trust has been performing unique task of imparting education through its branches. R. C. Patel Educational Trust offers excellent facilities for higher education. It runs various renowned Institutes such as :

A Management Institute (IMRD)

An Engineering College (RCPIT)

College of Pharmacy (2 Colleges : RCPIPER & HRPIPER)

An Arts. Commerce & Science College

An Arts Mahila College

A College of Diploma in Education (D.Ed.)

A College of Education (B.Ed.)

A Polytechnic College

A Junior college up to 12th standard (7 colleges)

High Schools (17 Schools)

Primary Schools (Marathi & English Medium 16 Schools)

Ashram Schools (7 Schools)

From 1997-98 the trust has started a new institution namely "Institute of Management Research & Development" for conducting courses leading to the degree and diploma in management discipline and also for advance empirical research under affiliation to North Maharashtra University, Jalgaon.

President's Message

The Visionary

It's my pleasure to introduce and welcome you to the R.C.P.E.T.'s Institute of Management Research & Development, Shirpur with Postgraduate, Undergraduate and Diploma programs. The college which you choose to pursue professional studies have a profound influence on the rest of your career and the prospectus is intended to assist you in this valuable decision. There are many dimensions to the postgraduate and Graduate experience and although teaching, learning will always remain as the major priorities of this Institute, we recognize also a responsibility to ensure that students are provided with an enriching social, cultural and recreational environment.

Shri Bhupeshbhai R. Patel
President RCPET

Dr. Vaishali B. Patil
Director

Director's Message

The Leader

Institute of Management Research and Development is highly enlivened by the words of Alvin Toffler – *"The illiterate of this century will not be those who cannot read and write, but those who cannot learn, unlearn, and relearn"*. In today's world where the potential management leaders and the IT experts needs to innovate and redesign themselves perpetually; IMRD nurtures them and provide them with a lavish platform to adapt the radical environment in management and information technology education.

Since its inception in 1997, IMRD has established itself as an unsurpassed institution in the whole North Maharashtra University region. The institute has earned repute as a centre for quality education for its prime infrastructure tied up with modern equipments and a disciplinary environment. An academically strong and committed faculty is the backbone of IMRD. A special mention about our Alumni, who are eminent and hold significant position in their profession in India and abroad. We heartily welcome you to explore a brand new wonderful life and a bright future ahead.

Dr. Vaishali B. Patil
Director

Institute's Profile

The Institute of Management Research and Development, Shirpur was established in the year 1997 with a vision to pour the quality education up to grass root level. IMRD was set in motion with the introduction of the postgraduate programme Master of Computer Applications (MCA) & Master of Management Studies (MMS). We have introduced the undergraduate and Diploma courses from academic year 2008-09. The UG courses are Bachelor in Computer Application (BCA), Bachelor in Business Administration (BBA) & Bachelor in Management Studies (BMS) and Diploma courses are Diploma in Computer Management (DCM), Diploma in Business Management (DBM) and Certificate Courses are CCBO (Certificate Course in Banking Operations), CCBM (Certificate Course in Business Management) and CCED (Certificate Course in Entrepreneurship Development).

In our endeavor to supplement the cause of professional education, we have instituted multi-dimensional courses

spread in various fields with its roots established at Shirpur. The Teaching and Non-Teaching Staff of the institute is a blend of senior experienced and young dynamic faculty members devoted to the noble cause of education. Many of our students have obtained top ranks in the university examinations and are in great demand in the industries in India and abroad also. We believe in offering education that is converted to knowledge with high end infrastructure and a pleasant atmosphere.

Our latest curricular introduction is the five year integrated - MCA programme for those with management and IT inclinations and would want to further advance their career in Management as well as in IT.

Courses Offered

Post Graduate Courses :

- MCA - Master in Computer Application
- I- MCA - Integrated - Master in Computer Application (5 years)
- MMS (CM) -Master in Management Studies (Computer Management)

Under Graduate Courses :

- BCA - Bachelor of Computer Application
- BBA - Bachelor of Business Administration
- BMS - Bachelor of Management Studies

Diploma Courses :

- DCM - Diploma in Computer Management
- DBM - Diploma In Business Management

Certificate Courses :

- CCBO - Certificate Course in Banking Operations
- CCBM - Certificate Course in Business Management
- CCED - Certificate Course in Entrepreneurship Development

MCA (Master of Computer Application) Programme (Faculty: Science and Technology)

MCA programme is exclusively designed to meet the IT requirements of IT Trained Students for various organizations. The well balanced course significantly emphasizes on planning, designing and building of complex commercial application software and system software. The course also places equal importance on the functional knowledge in various areas. A three years full-time MCA programme is not just a postgraduate course; it is also a complete professional grooming for students for a successful career in the IT Industry. In coming digested market space the student has a tremendous scope in the field of software - hardware industry besides setting up their entrepreneur venture in the field of consultancy.

MCA is one of the most sought after and evidently the most competitive course of IT. Basically it is a software-oriented Programme with some elements of hardware and a little management orientation. MCA is becoming very popular in the field of study, as the stream assures you the entry into the brave new world of computers, where the future lies. Indian IT professionals are much in demand and they are leading the global software industry by storm. The matching demand of IT professionals far exceeds the supply. Leading multinational companies that are opening operations in India are desperately looking for MCA's.

The objectives of the MCA Program are to:

The educational objectives of the MCA program at North Maharashtra University enable the students to have a holistic and all-round grooming to be a thorough professional in the field of IT .The objectives for the course are designed, considering that MCA graduates will be able to:

1. Develop software solutions to problems across a broad range of application domains through analysis and design.
2. Contribute to research in their chosen field and function and communicate effectively, to perform both individually and in a multi-disciplinary team.
3. Continue the process of life-long learning through professional activities; adapt themselves with ease to new technologies, while exhibiting ethical and professional standards and will be able to work collaboratively as a member or leader in multidisciplinary teams.
4. MCA Graduates will be able to apply knowledge of computing fundamentals, computing specialization and domain knowledge for the abstraction and conceptualization of computing models from defined problems and requirements.
5. They will have the ability to understand and analyze a given real-world problem and propose feasible computing solutions.
6. MCA Graduates will be able to analyze customer requirements, create high level design, implement and document robust and reliable software systems.
7. They will be able to transform complex business scenarios and contemporary issues into problems, investigate, understand and propose integrated solutions using emerging technologies.
8. MCA Graduates will be able to use the techniques, skills and modern hardware and software tools necessary for innovative software solutions.
9. They will possess leadership and managerial skills with best professional ethical practices and social concern and will be able to communicate technical information effectively, both orally and in writing.

Job Opportunities

Master of Computer Applications (MCA) is a three-year (six semesters) professional Master's Degree in computer science. The MCA programme is inclined more toward Application Development and thus has more emphasis on latest programming language and tools to develop better and faster applications.

1. MCA Candidates has a career scope in the field of programming, Systems Analysis, Project Leaders, Systems Designing, Application Software Development, Enterprise Resource Planning, Computer Networks, System Administration, Web Designing and Development, Database Administration, Data Mining and Warehousing, etc.
2. Application areas include transaction processing (such as banking, stock exchange, order processing), simulation, database management, e-commerce, design support and data communications, networking, embedded technologies, etc.
3. Since the course is also designed towards the research side, some students pursue higher studies. Yet others seek entrepreneurial roles like consultation, etc.
4. Students are capable to work in different sectors such as Service division, Hardware production & System integration, Software production of quality assurance, Research & Development of IT areas, Commercial & marketing etc...

Post Graduate Courses (PG)

MCA

Eligibility: (MCA, 3 years, Full Time)

Graduation with minimum of 50% marks in aggregate or equivalent CGPA (45% in case of candidates of backward class categories and Persons with Disability belonging to Maharashtra State only) in any Bachelor's degree awarded by any of the Universities incorporated by an act of the central or state legislature in India or other educational institutions established by an act of Parliament or declared to be deemed as a University under Section 3 of the UGC Act, 1956 of minimum three years duration in any discipline recognized by the Association of Indian Universities, or possess an equivalent qualification recognized by the Ministry of HRD, Government of India. And having studied Mathematics or Statistics as one of the subjects at 10+2 level or higher level examination.

Note:

1. The candidates who have passed Bachelor of Computer Application (BCA), Bachelor of Computer Science (BCS), Bachelor of Science (Computer/Information Technology) degree courses are not required to fulfill the requirement of having studied Mathematics or Statistics as one of the subjects at 10+2 level or higher level examination.
2. Any issues related with eligibility shall be decided by the Competent Authority.

And

Entrance:

- Candidate must Qualify MAH-MCACET exam conducted by DTE Maharashtra State

Fees : Rs. 65,000/- Per Year

(Subject to Revise by Competent Authority)

Intake : 120 Students

Course Content

In today's information era computer is the vital tool in the development of technology. Without Computerization, there can be no growth in any field. Computer and Information

Technology being the order of the day, the MCA course gives an in-depth training to all aspirants in this field. The course is tailor-made for those who want to excel in the field of computer applications. MCA programme is like a designer course, which imparts peerless quality of teaching and training even to a student who is a stranger in the field of computers. MCA degree is the gateway into bright career in the Software Industry.

Course structure

The course is to be completed in 6 semesters. The first semester will comprise mostly of common subjects needed to build a base for the subjects to follow in pursuance of the objectives of the course. The 2nd to 5th semesters will be mostly divided into core subjects, which offer the student a choice to build expertise in some. The last semester will be devoted to project work testing the students application in the fields studied so far and provide valuable experience before stepping into the professional world of information technology.

Documents required for Admission of MCA

Application Id

1. 10th Mark sheet
2. 12th Mark sheet
3. Graduation Mark sheet
4. Nationality Certificate
5. Domicile Certificate
6. Income Certificate (if EBC)
7. Cast Certificate (if applicable)
8. Cast Validity Certificate (if applicable)
9. Proforma H (if cast validity is not available for all cast category candidates)
10. Non-Creamy Layer (if OBC, NT)
11. Print Application form
12. FC Acknowledgement
13. MAH MCA CET Score Card
14. Hall Ticket (MAH MCA CET)
15. Provisional Seat Allotment letter

SYLLABUS for Master of Computer Application (MCA) (With Effect from June-2017-18)

Semester-I

- CA-101 Computer Organization & Architecture
- CA-102 Database Management System (DBMS)
- CA-103 Mathematical Foundations of Computer Science
- CA-104 OOPs Concepts using C++
- CA-105 System Programming
- CA-106 CA-Lab-I Lab on C++ Programming
- CA-107 CA-Lab-II Lab on DBMS

Semester-II

- CA-201 Accounting and Cost Control
- CA-202 Data Structures and Algorithms
- CA-203 Operating Systems
- CA-204 Java Programming
- CA-205 Computer Networks
- CA-206 CA-Lab-III Lab on Data Structures and Algorithms
- CA-207 CA-Lab-IV Lab on Java Programming

Semester- III

- CA-301 Internet Computing – I
- CA-302 Design and Analysis of Algorithms
- CA-303 Automata Theory and Computability
- CA-304 Artificial Intelligence
- CA-305 Data Mining and Warehousing
- CA-306 CA-Lab-V Lab on Design and Analysis of Algorithm
- CA-307 CA-Lab-VI Lab on IC – I

Semester-IV

- CA-401 System Analysis and Designing
- CA-402 Internet Computing – II
- CA-403 Network Programming
- CA-404 Computer Graphics
- CA-405 Optimization Algorithms
- CA-406 CA-Lab-VII Lab on Computer Graphics & Internet Computing – II
- CA-407 CA-Lab-VIII Lab on Socket Programming using Linux

Semester-V

- CA-501 Compiler Construction
- CA-502 Drupal Framework (Website development framework)
- CA-503 Python Programming
- CA-504 Mobile Computing
- CA-505 Natural Language Processing
- CA-506 CA-Lab-IX Lab on Python Programming
- CA-507 CA-Lab-X Lab on Mobile Computing & Lab on Drupal

Semester-VI

- CA-601 Full time Industrial Training

Post Graduate Course Integrated - MCA

**Integrated Master in Computer Application (I-MCA)
(Faculty: Science and Technology)**

(5 Years, Full Time)

Integrated - MCA is a Full Time, 5 years Program, specially designed for career oriented students seeking to develop their career in the field of Information and technology. within a period of 5 years student will get thorough knowledge of all subjects from fundamental to latest technology in field of Information Technology.

Objectives:

1. Students of the program will possess strong fundamental concepts in mathematics, science, engineering and Technology to address technological challenges.
2. Possess knowledge and skills in the field of Computer Science and Information Technology for analyzing, designing and implementing complex problems of any domain with innovative approaches.
3. Possess an attitude and aptitude for research, entrepreneurship in the field of Computer Science and Information Technology.
4. Have commitment to ethical practices, societal contributions through communities and life-long learning.
5. Possess better communication, presentation, time management and team work skills leading to responsible & competent professionals and will be able to address challenges in the field of IT at global level.

Eligibility :

- Candidate must have passed 10 + 2 examination with Physics and Mathematics as compulsory subjects along with one of the Chemistry / Biotechnology / biology / Technical Vocational subject.
- Obtained at least 45% marks (40% in case of a candidate belonging to reserved category) in the above subjects taken together.

AND

Entrance :

Candidate must qualify CET conducted by North Maharashtra University, Jalgaon.

Intake : 60 Students

Fees : Rs.30,000*/ Per Year

(Applicable only for 1st year)

(Subject to Revise by Competent Authority)

Integrated - MCA Syllabus

Integrated – MCA : Syllabus Syllabus (With effect from July 2017-18)

Semester- I

- CA-1.1 Mathematical Foundations in Computer Science
- CA-1.2 Computer & Internet Fundamentals
- CA-1.3 Computer Organization & Architecture
- CA-1.4 Programming using C
- CA-1.5 Essentials of Web Designing
- CA-1.6 Lab on Programming using C
- CA-1.7 Lab on Essentials of Web Designing

Semester- II

- CA-2.1 Discrete Mathematics
- CA-2.2 System Programming
- CA-2.3 Object Oriented Analysis & Design
- CA-2.4 Programming using C++
- CA-2.5 Data Structure – I
- CA-2.6 Lab on Programming using C++
- CA-2.7 Lab on Data Structure – I

Semester- III

- CA-3.1 Computer Networks
- CA-3.2 Operating System – I
- CA-3.3 System Analysis and Design
- CA-3.4 Programming using C#.NET
- CA-3.5 Data Structure – II
- CA-3.6 Lab on Programming using C#.NET
- CA-3.7 Lab on Data Structure - II

Semester- IV

- CA-4.1 Basics of Accounting
- CA-4.2 Operating System - II
- CA-4.3 Network Security
- CA-4.4 Java Programming
- CA-4.5 Database Management System
- CA-4.6 Lab on Java Programming
- CA-4.7 Lab on DBMS

Semester- V

- CA-5.1 Theoretical Computer Science
- CA-5.2 Software Engineering-I
- CA-5.3 Computer Graphics
- CA-5.4 Advanced Java
- CA-5.5 UI Design Technologies-I
- CA-5.6 Lab on Computer Graphics
- CA-5.7 Lab on Advanced Java and UI Design Technologies-I

Semester- VI

- CA-6.1 Automata Theory and Computability
- CA-6.2 Software Engineering-II
- CA-6.3 Advanced Data Base Management System
- CA-6.4 Linux Operating System
- CA-6.5 UI Design Technologies–II
- CA-6.6 Lab on Linux and UID-II
- CA-6.7 Project and Viva-Voce

Semester- VII

- CA-7.1 Cloud Computing
- CA-7.2 Artificial Intelligence
- CA-7.3 Data Warehousing & Mining
- CA-7.4 Web Scripting with PHP & MySQL
- CA-7.5 Design And Analysis of Algorithm
- CA-7.6 Lab on Web Scripting with PHP & MySQL
- CA-7.7 Lab on Design And Analysis of Algorithm

Semester- VIII

- CA-8.1 Machine Learning
- CA-8.2 Digital Image Processing
- CA-8.3 Optimization Algorithms
- CA-8.4 Network Programming
- CA-8.5 Internet Programming with ASP.NET
- CA-8.6 Lab on Network Programming
- CA-8.7 Lab on Internet Programming with ASP.NET

Semester- IX

- CA-9.1 Natural Language Processing
- CA-9.2 Compiler Construction
- CA-9.3 Drupal CMS
- CA-9.4 Mobile Computing Trends
- CA-9.5 Programming in Python
- CA-9.6 Lab on Drupal CMS
- CA-9.7 Lab on Mobile Computing Trends and Python programming

Semester- X

- CA-10 Full time Industrial Training

Post Graduate Course

MMS (CM)

MMS (Master in Management Studies - Computer Management)

A Master in Management Studies (CM) Computer Management is an advanced Post Graduation for those who want to make their careers in IT & Management Sector.

MMS is a two years full-time programme which imparts superior quality of teaching and training to students who are stranger in the field of computers and management. The course with latest syllabi is very comprehensive and meets the current requirements of the IT industry, Commercial Industries, Government sector, Service sector, Banking, Account Management and Academics.

Objective :

The main objective of MMS (CM) is to develop future managers / software developers / office support professionals, who would meet, the dynamic needs of the industry in a competitive and challenging environment. The program aims at providing expertise to students in different office support system and software development area.

1. To equip the students with requisite knowledge, skills and right attitude necessary to provide effective software development skills in a global environment.
2. To prepare students for respectable career in the Software Design, Development & Testing. Also in Software Support, e-commerce, e-business, e-banking, eservices, e-governance etc. Or in business management domain where management is augmented by information communication technology.
3. To develop inter-twining competence in the field of Commerce and Management, Computing Skill and Computational Tools.

Job Opportunities :

1. MMS (CM) students have a wide career scope in IT as well as Non- IT industries and Government & Private organizations.
2. They can develop career as Software Tester, Web Developer, Web Designer, Software Engineer, System Analyst, Team Leader, Project Manager, Database Administrator, SAP & ERP system in-charge etc.
3. MMS students have a wide scope in the field of Hardware & Networking. They can work as Network Administrator, Network Engineer, and Hardware Engineer etc.
4. MMS Students have numerous opportunities in Banking & Insurance, Administration, Accounting & Management, Academics, KPO & BPO etc...

Eligibility :

Graduate in any Discipline from a statutory University with minimum 45% marks.

AND

Entrance :

Candidate must qualify CET conducted by North Maharashtra University, Jalgaon.

Fees : **Rs. 22,000/- * Per Year**
(Subject to Revise by Competent Authority)

Intake : **60 students.**

Post Graduate Course

MMS (CM)

SYLLABUS for Master in Management Studies (MMS-CM) Computer Management (With Effect from July-2017-18)

Semester-I

- 1.1 Principles of Management
- 1.2 Financial Accounting
- 1.3 Web Designing and Web Authoring Tools
- 1.4 ICT fundamentals & Office Automation
- 1.5 Programming in C
- 1.6 Lab - I (1.2 & 1.3)
- 1.7 Lab-II (1.4 & 1.5)

Semester-II

- 2.1 Communication Skills
- 2.2 Management Information System
- 2.3 System Analysis and Design
- 2.4 RDBMS
- 2.5 Object Oriented Programming using C++
- 2.6 Lab – III (2.4)
- 2.7 Lab – IV (2.5)

Semester-III

- 3.1 CRM & Digital Marketing
- 3.2 Cyber Security and IT Act
- 3.3 Graphics & Animation
- 3.4 Web Scripting with PHP and MySQL
- 3.5 C#.Net Programming
- 3.6 Lab – V (3.3 & 3.4)
- 3.7 Lab – VI (3.5)

Semester-IV

- 4.1 Human Resource Management
- 4.2 E-commerce and M-commerce
- 4.3 Internet Computing with ASP.NET
- 4.4 Java Programming
- 4.5 Project Work
- 4.6 Lab – VII (4.3)
- 4.7 Lab – VIII (4.4)

Under Graduate Courses

BCA

Bachelor of Computer Application (BCA)

Objective :

1. BCA program strives to create outstanding computer professionals with ethical and human values to reshape the nation's destiny. This programme aims to prepare young minds for the challenging opportunities in the IT industry, nourished and supported by experts in the fields.
2. BCA program aims at inculcating essential skills as demanded by the global software industry through interactive learning process. This also includes team-building skills, audio- visual presentations and personality development programmes.
3. BCA program enhances analytical, managerial and communication skill besides inculcating the virtues of self-study. The Curriculum has been designed to cater to the ever changing demands of information technology along with necessary inputs from the Industry.

The OBJECTIVE of the course is to develop skilled manpower in the various areas of software industry and Information Technology

Job opportunity and Future :

1. BCA Graduates can Develop their career as trainee in Software Industry.
2. There are lot of opportunities in the Government sector, Private organizations, Banking & Service sector, KPO, BPO etc.
3. BCA candidates has bright career options after Post graduation like MCA.
4. They can start their own business.

Eligibility :

Any candidate who has passed HSC (Science or Commerce Faculty) or equivalent examination of recognized board with minimum 45% marks or who has passed a diploma course of any faculty approved by BTE of 3 years duration.

AND

Entrance :

Candidate must qualify UG-CET conducted by North Maharashtra University, Jalgaon.

Fees : Rs. 22,000*/- (Subject to Revise by Competent Authority)
Intake : 60 seats

Syllabus - w.e.f Academic Year 2017-18

Semester-I

- BCA 101 Foundation Course for Managers
- BCA 102 Computer Fundament and Networking
- BCA 103 Essential of Web Design I
- BCA 104 Programming In C
- BCA 105 Practical on Computer & Internet
- BCA 106 Practical on Web Design-I
- BCA 107 Practical on C Programming

Semester-III

- BCA 301 Mathematics and Statistics for Managers
- BCA 302 Management Information System
- BCA 303 Java Programming
- BCA 304 Linux Operating System
- BCA 305 Practical on Java
- BCA 306 Practical on Linux
- BCA 307 Practical on Tally ERP

Semester- V

- BCA 501 Entrepreneurship Development
- BCA 502 Cyber Security
- BCA 503 ASP.NET
- BCA 504 Software Engineering
- BCA 505 Practical on ASP.Net
- BCA 506 Practical on CASE Tool with MSVISIO and Software Testing
- BCA 507 Field Work on IT Project Assessment

Semester-II

- BCA 201 Financial Accounting
- BCA 202 Professional Communication
- BCA 203 Essential of Web Design II
- BCA 204 Programming In C++
- BCA 205 Practical on Professional Communication
- BCA 206 Practical on Web Design-II
- BCA 207 Practical on C++ Programming

Semester-IV

- BCA 401 Introduction to Information System Audit
- BCA 402 RDBMS
- BCA 403 C#.NET
- BCA 404 Data Structure
- BCA 405 Practical on C#.NET
- BCA 406 Practical on RDBMS using Oracle
- BCA 407 Practical on Data Structure using CPP

Semester-VI

- BCA 601 E-Commerce & M-Commerce
- BCA 602 Cloud Computing
- BCA 603 Android Application Development
- BCA 604 Server Side Scripting using PHP
- BCA 605 Practical on Android &PHP
- BCA 606 Practical on Employability Skills
- BCA 607 Project Report and Viva

Under Graduate Courses

BBA

Bachelor of Business Administration (BBA)

- Objective :** 1. To prepare the students for higher studies in business at home and abroad.
 2. To introduce students to a range of core business disciplines, including marketing, accounting, human resources management, internet systems and organizational behavior.
 3. To provide opportunities to develop and practice professional skills essential in the workplace.
 4. To prepare the Students will be armed with skills which will enable them to think critically, research and analyze information and apply it in modern business contexts.
 5. To make the BBA degree is many a times referred to as the golden passport, since it gives its holder an edge in the job market by opening more doors of opportunity.
 6. To meet the needs of small and medium enterprises as well as large corporations. It will give a professional qualification to those engaged in the administration and management of businesses and other organizations, including public, private and not-for-profit organizations.

Syllabus - w.e.f. - Academic Year 2017-18

Semester-I

- A1.1 Principles of Management
- A1.2 Principles of Economics
- A1.3 Professional Communication
- A1.4 Fundamentals of Accounting
- A1.5 Information Technology for Business
- A1.6 Practicals on Professional Communication
- A1.7 Practicals on Office Automation

Semester- III

- A3.1 Mathematics and Statistics for Managers
- A3.2 Corporate Accounting & Costing
- A3.3 Business & Corporate Laws
- A3.4 Management of Small Scale Industries
- A3.5 Management Information Systems & ERP
- A3.6 Practicals on Management of Small Scale Industries
- A3.7 Practicals on Advanced Excel

Semester- V

- A5.1 International Business Management
- A5.2 Entrepreneurship Development
- A5.3 Case Studies in Management
- A5.6 Practicals on Employability Skills-I
- A5.7 Practicals based on e-commerce

Semester- V Elective Group-(A) Financial Management

- A5.4 (A) Banking and Insurance
- A5.5 (A) Capital, Money and Commodity Market

Semester-VI Elective Group-(A) Financial Management

- A6.4 (A) Auditing Practices
- A6.5 (A) Investment Banking

- 7. To improve professional communication skills and soft skills of the students along with enhancing administration skills in them.

- 8. To help students to understand the various areas and explore various types of opportunities available in practical world of Business.

Job opportunity and Future : 1. BBA Graduates can Develop their career as Management Professional in Industries.

Total 205 Students in University Top 10 Ranks.

Student Amenities

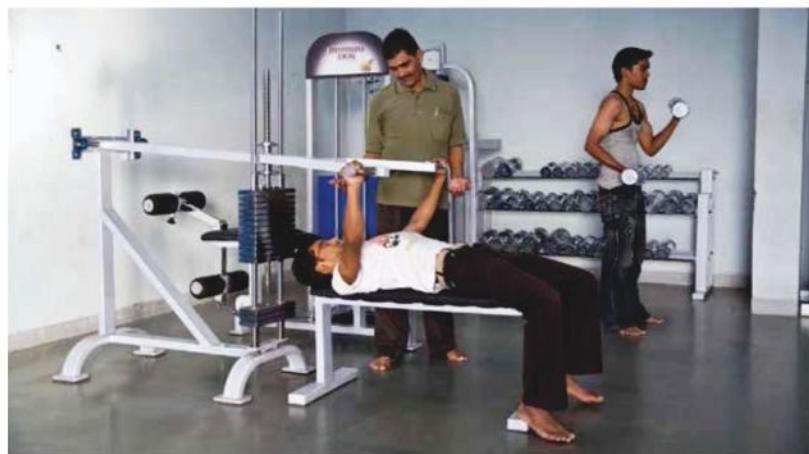

Care and comfort of students is uppermost in the RCP IMRD agenda, accordingly the institute has left no stone unturned in providing the same to the students. There are two hostels for boys and three hostels for girls of a capacity 200 each. The hostels are situated within the institute campus. The hostels will be shortly provided with internet connection through Wi Max. The hostel mess with a large sitting capacity caters nutritious and delicious food at a very

reasonable rate. Basic recreation and sports facilities (Table tennis, carom, cricket, tennis and Gym), TV room, STD booth etc, are made available to the students which provides a homely atmosphere that strengthens the feeling of belongingness. Solar water heater provides hot water throughout the year and Aqua guard has been installed for a clean supply of chilled water for drinking purpose. The rooms are spacious enough for students to stay and study in comfort.

Health Club

Keeping in mind 'Your health is our wealth', a modern health and entertainment club is made available with the facilities like mini theater, coffee shop, party lawn, gym equipments, steam bath, sauna bath, swimming pool, yoga

Enjoying Sports

'Physical Fitness for mental Relaxation'

About Shirpur

Shirpur is situated 52 Kms from Dhule on the Mumbai-Agra highway (NH-3). As you enter the city, you are greeted by well constructed roads and excellent street lights. There are some exquisite places in Shirpur which are naturally mesmerizing and some splendid constructions that present a visual treat to the eyes from an architectural point of view. The city is known for its amazing synthesis of traditional values and contemporary trends. The inhabitants of Shirpur are inherently cultural and celebrate all the festivals with an equal zest and fervor. But they are also out rightly pragmatic and receptive to modern developmental issues. There is literally a visible sense of harmony and brotherhood among the people making it one of the safest places in India especially for women. You would not get to hear of any communal disharmony or even a petty antisocial activity which are regular occurrences in bigger cities. When it comes to basic amenities, Shirpur is second to none in the country. Which other city can boast of a surplus supply of ultra-purified drinking water even in the driest period of the year !

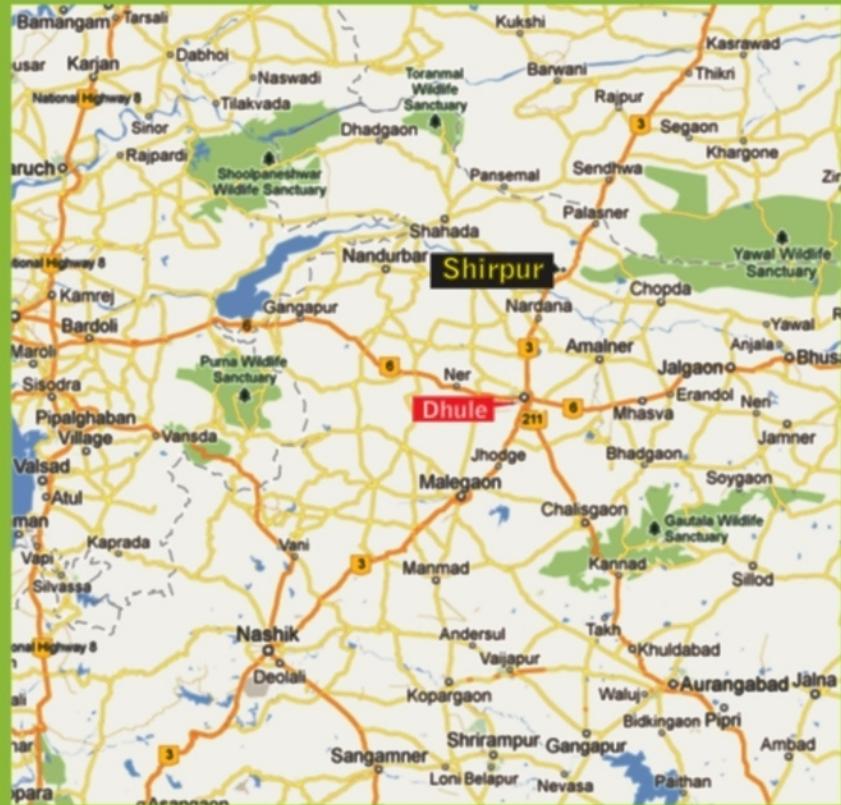

The Shirpur Municipality won 1st Prize of Rs. 25 Lacs at a state level in the "Sant Gadgebaba cleanliness Drive". The drive has pushed the inhabitants to keep the City clean, green and beautiful. Students can avail prompt and excellent medical services from the Indira Memorial Hospital run by the Municipality. It houses all the modern

equipments and specialized doctors and also frequently visiting surgeons from established hospitals to attend specific ailments. For religious devotees, the Balaji temple is the best place to be in. The temple is built as a replica of the original Tirupathi Balaji temple and follows the same rituals and customs followed there.

Shirpur is a students' paradise with an absolutely pollution free environment and an energetic ambience conducive to learning. After the grilling sessions of academic schedules, the students can unwind themselves in the newly constructed Mukeshbhai Patel Recr Garden basking by the warmth of the setting sun rays and boating in the refreshingly cool lake and also enjoy the solitude of the serene atmosphere in the vicinity. The park is also adorned with green bushes, fragrant flowers, a delicate lawn and scintillating fountains.

One of the most fascinating landmarks of Shirpur is Asia's largest gold refinery. The Shirpur Gold Refinery is a state-of-the-art refinery occupying a 50 acre complex set up at a cost of 250 crores. It is among the most advanced in the world and also owns its own airport with 24 hour landing facility. The Priyadarshini Spinning Mill manufactures premium high cotton yarn with 90% of the production being exported across the world mainly to Europe. ATM counters in the city facilitate the students to draw money round the clock.
